Reports - Institut Francais du . Petrole	27

The information contained in this report has been obtained by the Department of National Development, as part of the policy of the Commonwealth Government, to assist in the exploration and development of mineral resources. It may not be published in any form or used in a company prospectus or statement without the permission in writing of the Director, Bureau of Mineral Resources, Geology and Geophysics.

INTRODUCTION

The following list comprises Records of the Bureau of Mineral Resources, Geology & Geophysics and reports of the Institut Francais du Petrole, unclassified as at 31st July, 1964. Many other Bureau Records, particularly among those issued before 1960, which had a restricted initial distribution, are being re-examined with a view to making them generally available.

The following symbols have been used to indicate the availability of the Records:-

- P - Published.
The publication is given after the title of the Record.
- IP - In press.
- OF - On open file.
OF1 and OF2 refer to the open file circular in which the Records have been listed and indexed.

Wherever possible copies of unclassified Records not on open file will be made available on loan. Some, however, were prepared in limited numbers and copies are available for inspection only.

Footnote: The term "Unclassified", when related to technical information held by the Bureau of Mineral Resources, means that there is no restriction on the release of this information to the public.

- 1942/4A Report on geophysical test survey, Burra copper mine, South Australia; by R.F. Thyer.
- " /5 The Mt. Bischoff tin mine, Waratah, Tasmania; by P.B. Nye and M.A. Mawby.
- 1943/19B Phosphate at Mansfield, Victoria; by N.H. Fisher.
- " /20 Phosphate deposits, South Australia (Kapunda - Argaston); by H.G. Raggatt.
- " /26 Phosphate deposits - Ashford Caves, New South Wales; by P.B. Nye and F.N. Hanlon.
- " /27 Phosphate deposits; by H.G. Raggatt and F.W. Booker.
- " /28 Phosphate deposits in Tasmania; by P.B. Nye.
- 1944/27 Preliminary report on the Greisen ore body, Mt. Bischoff tin mine, Tasmania; by C.L. Knight.
- 1945/3 Microscopic examination of bore samples from Maree, South Australia; by Irene Crespin.
- 1946/20 Prospecting campaign for the Mt. Bischoff tin mine; by C.L. Knight.
- " /21 Preliminary report on the micropalaeontological examination of samples from bores in the Great Artesian Basin of North and North-East South Australia and southern Northern Territory; by Irene Crespin.
- 1947/69 A summary of the stratigraphy and palaeontology of the Lakes Entrance Oil shaft, Gippsland, Victoria; by Irene Crespin.
- 1948/60 Micropalaeontological examination of samples from Bores Nos. 1, 2, 3 and 4, Broome and Derby town bore, W.A.; by Irene Crespin.
- " /82 Correlation of geological and bore hole data from south-west part of South Australia with particular reference to Portland-Nelson - Mt. Gambier area; by B.H. Stinear.
- 1949/42 A reported occurrence of petroleum on Jindare station, south-west of Pine Creek, Northern Territory; by W.B. Dallwitz.
- " /48 Geological reconnaissance in the Mount Ramsay area, Kimberley Division, W.A.; by R.S. Matheson and D.J. Guppy.
- " /53 The Lesi structure, Papua; by M.A. Condon.
- " /61 Evaporite deposits in Australia; by E.K. Sturmfels.
- " /103 Possible evaporite deposits in Queensland - report on a reconnaissance trip in July and August, 1949; by E.K. Sturmfels.
- " /104 Possible underground evaporite deposits in Western Australia; by E.K. Sturmfels.
- 1950/31 Notes on Palaeozoic stratigraphy, Cambridge Gulf area; by A.A. Opik.
- " /47 Report on the geology of Rum Jungle uranium bearing area, Northern Territory; by R.S. Matheson.
- " /52 Palaeozoic stratigraphy of Western Australia; by M.A. Condon.

- 1951/34 Micropalaeontological examination of samples from (a) Bore No. 3871, on the property of Scottish Australian Company, Warrana, Coonamble, northern New South Wales, (b) a bore at Yerranbah, about 120 north-west of Moree, northern New South Wales, (c) a bore at Dungaleer, about 100 miles west of Moree, northern New South Wales; by I. Crespin.
- 1952/16 Seismic survey of the Mossy Marsh Tunnel area, Tasmania; by J.B. Boniwell.
- " /17 Discovery of fossiliferous Upper Cambrian in Central Australia; by A.A. Opik.
- " /18 The Uranium - Copper Deposits, Rum Jungle, Northern Territory; by C.J. Sullivan.
- " /40 Micropalaeontological Examination of samples from bores in the Great Artesian Basin of New South Wales, submitted by the Water Conservation and Irrigation Commission of New South Wales; by I. Crespin.
- " /42 Report on Upper Palaeozoic fossils from the north-west portion of the Gilgit Agency, Pakistan; by J.M. Dickins.
- " /79 Preliminary Report on scintillometer airborne surveys over the Rum Jungle area and other portions of the Northern Territory; by F.W. Wood and E. McCarthy.
- 1953/24 Rum Jungle Investigations 1951 and 1952 - Progress Report; by R.S. Matheson.
- " /32 The Yeuralba Mineral Field, Northern Territory; by B.P. Walpole. and B.J. Drew.
- " /50 Graptolites in the Lower Ordovician (Larapintine) Limestone of the Horn Valley, west of Alice Springs, N.T., by A.A. Opik.
- " /72 Seismic survey of the Nerrima Dome, Kimberley Division, W.A. (1952); by K.R. Vale, E.R. Smith and M.J. Garrett.
- " /98 Radioactive surveys, Katherine - Darwin area, N.T. Summary of activities 1st. January to 30th. June 1953; by R.S. Matheson.
- " /109 Preliminary geological and geophysical report on Madigan's uranium prospect, N.T.; by P.B. Rosenhain and I.A. Mumme.
- " /117 Preliminary geophysical report of the Frazer radiometric prospect, N.T.; by I.A. Mumme.
- " /118 Prospecting activities Edith River area : progress report for period 31st. August to 3rd September, 1953; by D.E. Gardner.
