BUREAU OF MINERAL RESOURCES, GEOLOGY AND GEOPHYSICS

Record No. 1970 / 58

Bibliography of the
Clarence-Moreton Basin of New
South Wales and Queensland

(To June 1970)

by

S.J. Mayne

The information contained in this report has been obtained by the Department of National Development as part of the policy of the Commonwealth Government to assist in the exploration and development of mineral resources. It may not be published in any form or used in a company prospectus or statement without the permission in writing of the Director, Bureau of Mineral Resources, Geology & Geophysics.

INTRODUCTION

This Bibliography has been prepared by the Petroleum Exploration Branch of the Bureau of Mineral Resources. It contains all known information up to mid-1970 and is divided into two sections - one for published information and one for unpublished. Any information that has become available under the Petroleum Search Subsidy Act is listed under the name of the operating company.
