COLLECTION (AUSTRALIAN REPOSITORY):

SUPPLEMENT 2

Specimens received to 30 June 1978

Compiled by D.J. Belford

(1)

This supplement, which lists specimens added to the collection since 31 December 1975, is in the form of a computer print-out; it is intended that all future supplements will be in this form. My thanks are due to Mr A.J. Barlow for developing the computer program, and to Mrs Pat Smith for entering data into the system.

Taxa included in this supplement are Foraminiferida, Precambrian fossils, and one specimen incertae sedis. The Precambrian specimens are all latex moulds.
