

#### 4h Cenozoic geology overlying the Carpentaria and Laura Basins

**Type** Polyline: Shapefile  
**Scale** 1:6 000 000  
**Projection** Albers conformal conic, with central meridian 143 degrees longitude, standard parallels at -21 and -29 degrees latitude.

Field Name	Attribute Type	Case	Compulsory	Description
<b>lith_desc</b>	String, 254	Mixed	Yes	Name of the geological unit. See 'Lith_desc' table for values.

##### 'Lith\_desc' field values

Basement to the Great Artesian Basin
Cenozoic sequence of the Bulimba Cycle, Karumba & Kalpowar Basins
Cenozoic sequence of the Claraville Cycle, Karumba & Kalpowar Basins
Cenozoic sequence of the Wyaaba Cycle, Karumba & Kalpowar Basins
Cretaceous sequence of the Carpentaria Basin & Laura Basins
Undifferentiated Quaternary sediments of the Coastal region, Karumba & Kalpowar Basins
Unknown
