Terms and Conditions

Geoscience Australia (GA) retains data submitted under the Offshore Petroleum and Greenhouse Gas Storage Act (OPGGSA) to promote Australia as an exploration destination and to assist companies exploring for petroleum in Australia.

Data is submitted to government under the OPGGSA and GA passes the data to the public upon request at cost of transfer. GA does not verify that the data is correct.

Current Prices

The current pricing schedule being used by the Data Repository is shown below. If you any questions regarding pricing please email ausgeodata@ga.gov.au.

NB: The prices below do not include GST.
