

Find a Product

Quick Links:

Simple Search	1
Advanced Search	3
Tabs or Links	4

These notes provide instructions on how to find a product and select a product for a shopping cart using the GA Online Store application. It is intended for the use of Geoscience Australia's wholesale and retail distribution network. This includes the Defence Imagery and Geospatial Organisation.

Selecting a product for purchase can be done in a number of different ways:

- Simple Search – using “All Products” or the options in the dropdown list of categories, and a keyword or keywords.
- Advanced Search – more defining search criteria can be entered.
- Tabs or Links – select the categories on the tabs or links and choose the products from the list.

Simple Search

Enter the keyword or keywords in the field after the Categories list.

Click the 'Go' button.

Eg. Enter “canberra” (it is not case sensitive) and click ‘Go’ shows the following:

The screenshot shows a web browser window titled "Site: Environment - Microsoft Internet Explorer provided by Geoscience Australia". The address bar shows "http://ofdev.agso.gov.au:2006/OA_HTML/lbeCtpSctDspRte.jsp?section=10051". The page features a navigation bar with tabs: Home, DEM Topo, Education, Geological, GIS, Publication, Thematic Data, Thematic Map, and Topographic. The "Thematic Map" tab is selected, and the "Environment" sub-category is chosen. Below the navigation bar, there is a search bar with "Categories: All Products" and a "Go" button. The main content area is titled "Thematic Map Environment" and includes a table of products. On the right, there is a "Welcome" section for "Ria Martens" with a "Logout" link and a "View Shopping Cart" link showing "No items".
