

2011

SENATE ORDER ON DEPARTMENTAL AND AGENCY CONTRACTS LISTING 1 January – 31 December 2011

Pursuant to the Senate Order on departmental and agency contracts the following table sets out contracts entered into by Geoscience Australia which provide for a consideration to the value of \$100 000 or more and which:

- a. have not been fully performed as at **31 December 2011**, or
- b. which have been entered into during the 12 months prior to **31 December 2011**.

Most of the contracts listed contain confidentiality provisions of a general nature that are designed to protect the confidential information of the parties that may be obtained or generated in carrying out the contract.

The reasons for including such clauses include:

- ordinary commercial prudence that requires protection of trade secrets, proprietary information and the like; and/or
- protection of other Commonwealth material and personal information.

Geoscience Australia has estimated the cost of complying with the Senate Order at **\$754.10**, determined by calculating the time taken to collect, analyse and compile the information and applying salary costs and on-costs.
