Geoscience Australia

Minerals Exploration Seminar 2003

PERTH (The Esplanade Hotel, Fremantle) December 4

REGISTER NOW TO SECURE YOUR PLACE!

- ✓ You hear the latest results of Geoscience Australia's research, including those from collaborative National Geoscience Agreement programs.
- ✓ You talk to those carrying out the research.
- ✓ You provide input into the future directions of the Geoscience Australia minerals program.
- ✓ Full program is over page.

Forward your completed registration form and payment by 10 November to:

Ms Joy Dunn
Geoscience Australia
Fax +61 2 6249 9965
GPO Box 378,
Canberra ACT 2601
E-mail joy.dunn@ga.gov.au

Registration fee of \$110.00 (GST inclusive) includes morning/afternoon tea, lunch and post seminar networking reception.

This document will be a Tax Invoice for GST when you make payment.

I would like to register for the **Minerals Exploration Seminar**

being run by Geoscience Australia in (please indicate preferred city) ☐ Brisbane ☐ Perth

Details

Name _____ Position _____
Company/agency/institution _____
Address _____
Phone _____ Fax _____
E-mail _____

Cheque/money order attached ☐ (Cheque payable to Geoscience Australia).

Please charge my Bankcard ☐ Mastercard ☐ Visacard ☐ American Express ☐

Card holder's name _____

Expiry date _____

Card number

Signature _____ Date _____

Minerals Exploration Seminar 2003

PERTH (The Esplanade Hotel, Fremantle) December 4

TIME	PRESENTATION	SPEAKER
8.00 – 9.00	Registration	
9.00 – 9.10	Welcome	Neil Williams, CEO Geoscience Australia
9.10 – 9.20	Introduction	Chris Pigram, Chief of Minerals & Geohazards Division
9.20 – 9.40	Delivering our data: New directions for improving delivery.	Barry Drummond
9.40 – 10.00	Delivering our data: The new online tools that make it easy to access and use Geoscience Australia's data.	Greg Ewers
10.00 – 10.30	Morning Tea (online demonstrations)	
10.30 – 11.00	Exploration under cover: new tools for airborne gravity and geophysical inversion modelling.	Richard Lane
11.00 – 11.30	A new structural framework for the eastern Yilgarn: implications for mineral systems.	Richard Blewett
11.30 – 12.00	Geochronological constraints on the eastern Yilgarn: implications for tectonic models and mineral systems.	Kevin Cassidy
12.00 – 13.30	Lunch (online and demonstrations)	
13.30 – 14.00	A 3D and temporal framework for copper-gold exploration in the Gawler Craton	Roger Skirrow
14.00 – 14.30	Testing the potential of a new gold province in the central Gawler Craton.	Lisa Worrall
14.30 – 15.00	Lode gold mineral systems of the Tanami region: architecture, fluids and timing.	Dave Huston
15.00 – 15.30	Afternoon tea (online and demonstrations)	
15.30 – 16.00	Proterozoic basins and base metal potential: the Batten Trough seismic survey.	Russell Korsch
16.00 – 16.30	Base metal potential of the Tanami-Arunta.	Dave Huston
16.30 – 17.00	Future directions	Chris Pigram
17.00 – 18.00	Networking Reception (online demonstrations)
