Produced in association with USGS. Adapted from Open File Report 97-422-A

By Alpha, Galloway and Starratt

Artwork by Anita Riley

05-034-14b

1. Cut around outside of body, head and horns.
  2. Cut holes in head for horns.
  3. Fold along dotted lines and glue tabs where indicated.
- note: for better stability put a small blob of Blue Tac inside one of the legs.*
