

# Expression of interest (EOI) - Southern Positioning Augmentation Network (SouthPAN) ground station site

I would like to express my interest in hosting a Southern Positioning Augmentation Network (SouthPAN) ground station on my land.

<b>Full name:</b> <b>(Landowner/s)</b>	
<b>Contact details:</b> <b>(Preferred method of contact)</b>	
<b>Street address:</b> <b>(Potential SouthPAN ground station site address)</b>	
<b>Latitude and longitude – If known:</b> <b>(Potential SouthPAN ground station site latitude/longitude)</b>	
<b>Certificate of title details – If known:</b> <b>(eg. Volume and folio numbers)</b>	
<b>Comments/additional information:</b>	

I believe my land meets the requirements documented in the EOI and would like to discuss the potential to host a SouthPAN site on my land with Geoscience Australia representatives. I acknowledge a site selection assessment process will be undertaken, including desk top analysis and site reconnaissance if/as appropriate. I am the legal owner of the land and have the authority to negotiate and potentially formalise an arrangement (lease, license agreement) to enable Geoscience Australia to occupy my land in order to construct, maintain and operate scientific equipment including a SouthPAN ground station:
